

Do more with the NHS App!

NHS App Drop in sessions.

We have a volunteer from National General Practitioner Services (NGPS) visiting the practice to help patients download and use the NHS App.

They will be available to guide you through the set-up process and explain how to use the app confidently. This includes showing you how to view your blood test results and how to access SystemConnect, our quicker online consultation tool, through the app.

Drop-in sessions will be held on:

- **Wednesday 4th March, 10:00am–12:30pm**
- **Monday 16th March, 10:00am–12:00pm**
- **Monday 23rd March, 1:30pm–3:30pm**

If you would like support or have any NHS App queries, please feel free to pop along during one of these times.

If you would like help setting up the app, please bring a form of photographic ID along with your mobile phone, tablet, or other smart device.
